There is no discrimination in the admission of students to the school on the basis of race, creed, color, handicapping condition, or gender. VPA @ Lucerne provides a free, appropriate public education (FAPE) to all its students. All students, however, need to be able to meet the enrollment requirements.

Students and families identified as homeless are provided with enrollment assistance, supplementary academic supports, case management, and referrals to outside agencies.

Concurrent enrollment in another public or private school is prohibited at VPA @ Lucerne and will cause the student to be withdrawn. A student who is placed in foster care and who is moved outside of the school's attendance boundaries is entitled to continue in enrollment at the school.

Special Education Services

The VPA @ Lucerne offers a full continuum of special education supports and services per all applicable federal and state laws. VPA @ Lucerne delivers services based on the students' Individual Education Plan (IEP).

Section 504 Accommodation Plans

The Rehabilitation Act of 1973, commonly referred to as "Section 504," is a federal statute that prohibits discrimination against persons on the basis of their disability by institutions that receive financial federal assistance. It states:

No otherwise qualified individual with a disability shall solely by reason of her or his disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.

Section 504's purpose is to assure that disabled students have educational opportunities and benefits equal to those provided to non-disabled students. An eligible student under Section 504 is a student who has a physical or mental impairment that substantially limits a major life activity. If a student is covered by Section 504, schools must provide such accommodations as are necessary to ensure that the student has equal access to services, programs, and activities offered by the school. Section 504 protects students from discrimination on the basis of disability to a similar extent as the Americans with Disabilities Act (ADA).

Student Records

Your student's records may be viewed at any time pursuant to the Notification of Rights under FERPA. Please provide our school with five (5) days' notice so that the record may be pulled. The record must be viewed in the presence of a VPA @ Lucerne administrative staff member.

Students who transfer into the VPA @ Lucerne will complete the Release of Student Records form included in the student enrollment process. The school will send this form to your student's previous school upon receipt to obtain your student's records. It is the responsibility of your previous school to mail the records to the VPA @ Lucerne offices at that time.

Should you decide to withdraw from the VPA @ Lucerne and transfer to a new school, your new school will contact the VPA @ Lucerne Registrar to request your student's records and we will mail the records to them.

Should you decide to withdraw from the VPA @ Lucerne and teach in the home, please contact the School Registrar and we will mail a copy of your student records to you.

Testing & Assessment

All students enrolled will be required to take iReady assessments. This tool is utilized by teachers to align curriculum to the support academic achievement and

iReady can be used for diagnostic and benchmark assessments. Additionally, this diagnostic assessment identifies which students are experiencing difficulties with specific skills and provides actionable data and reports to guide teachers in adjusting and aligning instruction and supports. i-Ready automatically updates data reports every time a student completes a diagnostic assessment in the system so teachers can keep track of each student's skills progression, adjust instruction if needed, and gauge each student's growth towards their target and projected estimates for the year.

State Standardized Tests

VPA @ Lucerne administers all standardized testing required by the State of California for public schools. The results of testing help to guide individual and school-wide instruction. State Testing is used to track and evaluate student mastery of grade-level academic content standards (the standards detail what students in each grade level are expected to know) in English Language Arts, Math, and as they advance in grade levels, Science and Social science.

Qualifying students with special needs are offered alternative standardized tests.

Participation rates are critical to the success of our school. A public school is required to achieve a participation rate of 95% on any state testing. If a school has less than 95% of its students participate in any assessment, the school runs the risk of receiving a serious penalty by the state of California. VPA @ Lucerne utilizes all assessment data to further drive instruction and support academic achievement.

The VPA @ Lucerne faculty administers all state standardized test at facilities located within driving distance of your home. A testing schedule is provided in our school calendar. Individual student performance results on statewide achievement testing will be distributed to both parents and teachers in a timely manner.

d. Progressing toward successful completion of the course of study or individual course, as determined by the supervising teacher.

3. The provision of content aligned to grade level standards, quality and intellectual challenge substantially equivalent to in-person instruction. For high schools, this shall include access to all courses offered by the local educational agency for graduation and approved by the University of California or the California State University as creditable under the A–G admissions criteria.

4. Procedures for tiered reengagement strategies for all pupils who are not generating attendance for more than 3 school days or 60 percent of the instructional days in a school week, or who are in violation of the written agreement. These procedures shall include, but are not necessarily limited to, all of the following:

- a. Verification of current contact information for each enrolled pupil.
- b. Notification to parents or guardians of lack of participation within one school day of the absence or lack of participation.
- c. A plan for outreach from the school to determine pupil needs, including connection with health and social services as necessary.
- d. If the student has failed to complete assignments during any period of 10 school days or is failing to make satisfactory educational progress as defined herein, the Charter School will schedule a student-parent-educator conference (a meeting involving all individuals who signed the student's written independent study agreement) to review the student's agreement and reconsider the independent study program's impact on the student's achievement and well-being.

5. Based on each student's grade level, their assigned teacher of record will offer opportunities for synchronous instruction and/or daily live interaction at least as frequently as set forth below. "Live interaction" means interaction between the student and Charter School staff, and may include peers, to maintain school connectedness. Examples of live interaction include check-ins, progress monitoring, provision of services, and instruction, and live interaction can be in-person or in the form of internet or telephonic communication.

- a. For pupils in transitional kindergarten through grade 3, inclusive, the school will offer students opportunities for daily synchronous instruction for all pupils throughout the school year.
- b. For pupils in grades 4 through 8, inclusive, the school will provide opportunities for both daily live interaction and at least weekly synchronous instruction for all pupils throughout the school year.
- c. For pupils in grades 9 through 12, inclusive, the school will provide opportunities for at least weekly synchronous instruction for all pupils throughout the school year.

The Charter School will document each student's participation in live interaction and synchronous instruction on each school day, as applicable, in whole or in part. A student who does not participate in independent study on a school day will be documented as non-participatory for that school day.

6. In the event a family decides to return to in-person instruction, within 5 instructional days, the school will provide the family with a transitional plan with including, but not limited, resources such as contact information for their school of residence, other classroom based educational opportunities, and wellness support.

7. A requirement that a current written agreement for each independent study pupil shall be maintained on file including all legal requirements (see Master Agreement below).

Master Agreement Policy

A current written agreement for each independent study pupil shall be maintained on file including, but not limited to, all of the following:

1. The manner, time, frequency, and place for submitting a pupil's assignments, for reporting the pupil's academic progress, and for communicating with a pupil's parent or guardian regarding a pupil's academic progress.
2. The objectives and methods of study for the pupil's work, and the methods used to evaluate that work.
3. The specific resources, including materials and personnel, that will be made available to the pupil. These resources shall include: confirming or providing access to all pupils to the connectivity and devices adequate to participate in the educational program and complete assigned work.
4. A statement of the policies adopted pursuant to subdivisions (a) and (b) regarding the maximum length of time allowed between the assignment and the completion of a pupil's assigned work, the level of satisfactory educational progress, and the number of missed assignments allowed before an evaluation of whether or not the pupil should be allowed to continue in independent study.
5. The duration of the independent study agreement, including the beginning and ending dates for the pupil's participation in independent study under the agreement. No independent study agreement shall be valid for any period longer than one school year.
6. A statement of the number of course credits or, for the elementary grades, other measures of academic accomplishment appropriate to the agreement, to be earned by the pupil upon completion.
7. A statement detailing the academic and other supports that will be provided to address the needs of pupils who are not performing at grade level, or need support in other areas, such as English learners, individuals with exceptional needs in order to be consistent with the pupil's individualized education program (IEP) or plan pursuant to Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. Sec. 794), pupils in foster care or experiencing homelessness, and pupils requiring mental health support.
8. The inclusion of a statement in each independent study agreement that independent study is an optional educational alternative in which no pupil may be required to participate. In the case of a pupil who is referred or assigned to any school, class, or program pursuant to Section 48915 or 48917, the agreement also shall include the statement that instruction may be provided to the pupil through independent study only if the pupil is offered the alternative of classroom instruction.
9. Each independent study agreement shall be signed, before the commencement of independent study, by the pupil, the pupil's parent, legal guardian, or caregiver, if the pupil is less than 18 years of age, the certificated employee who has been designated as having responsibility for the general supervision of independent study, and all persons who have direct responsibility for providing assistance to the pupil. For purposes of this paragraph "caregiver" means a person who has met the requirements of Part 1.5 (commencing with Section 6550) of Division 11 of the Family Code.
10. Each signature required for an independent study agreement shall be dated as required by Title 5 California Code of Regulations Section 11702. An agreement is not in effect until it is complete as to all terms, signed and dated.

which curriculum offerings and nonacademic supports will be available to the student in independent study, before making the decision about enrollment or disenrollment.

The Head of School shall establish regulations to implement these policies in accordance with the law.

MISSED ASSIGNMENT POLICY

Per California Education Code Section 51747, Virtual Preparatory Academy at Lucerne Charter School ("School") maintains a board policy establishing three (3) assignments during any period of five (5) school days as the number of missed assignments that will be allowed before an evaluation is conducted to determine whether it is in the best interest of the pupil to remain in independent study.

Evaluation After Missed Assignments

After three missed (3) assignments during any period of five (5) school days an evaluation will be conducted by the Principal and/or designee and supervising teacher to determine whether it is in the best interests of the pupil to remain enrolled in independent study. The evaluation may include but is not limited to the review of the following:

- 1) Attendance based on completion of assignments as quantified by the assigned supervising teacher;
- 2) Demonstration of skills on assignments;
- 3) Standardized test scores;
- 4) Written tests and reports if appropriate;
- 5) Oral or written presentations;
- 6) Pupil's attitude toward learning and achievement;
- 7) Punctual attendance at scheduled appointments;
- 8) Ability to meet scheduled appointments;
- 9) Preparedness for scheduled appointments;
- 10) Pupil demonstration of adequate and appropriate progress toward academic goals;
- 11) Common Core State Standards;
- 12) Appropriate learning environment;
- 13) Parent(s) ability to support pupil learning in the home.

As part of the evaluation process, the pupil, parent(s), guardian(s) or if the pupil is a foster child or youth or a homeless child or youth, the pupil's educational rights holder (all generally referred throughout as "Parent(s)") will be invited to present evidence to the individual or individuals conducting the evaluation. During this meeting, the School will determine whether it is in the best interest of the pupil to remain in independent study. A written record of the findings of any evaluation made pursuant to this subdivision shall be maintained in the pupil's mandatory interim record.

Additional Consideration for Pupils with a Section 504 Plan or IEP

If the School recommends removal from independent study as a result of the Evaluation After Missed Assignments and the pupil has a Section 504 Plan or IEP, the School shall schedule an IEP meeting or Section 504 meeting (as applicable) following applicable legal timelines, to determine the following:

- 1) Whether the missed assignments were caused by or had a direct and substantial relationship to the pupil's disability; or
- 2) Whether the missed assignments were the direct result of the School's failure to implement the IEP or Section 504 Plan, as applicable.

If the answer to either (1) or (2), above, is yes, then the missed assignments are a manifestation of the pupil's disability and the School will follow applicable state and federal laws to ensure that the pupil is offered a free appropriate public education.

If the answer to both (1) and (2), above, is no, then the pupil may be removed from independent study consistent with this policy.

This meeting may be combined with the Evaluation After Missed Assignments at the discretion of the School.

Notice of Decision and Opportunity to Request a Hearing Prior to Removal

Once the evaluation is complete, if it is determined that it is not in the best interest of the pupil to remain enrolled in the independent study program, the Parent(s) shall be notified in writing of the School's intent to remove the pupil as it is not in their best interest to remain in independent study. The Notice shall be in the native language of the Parent(s) and provided no less than five (5) schooldays before the effective date of pupil's removal. The Notice shall include the following:

- 1) The School's intent to remove the pupil as it is not in their best interest to remain in independent study.
- 2) The opportunity of the Parent(s) to request a hearing that follows the same procedures as the School's disciplinary hearing. Parent(s) (or the pupil if over 18) must submit the request for hearing writing within five (5) calendar days from the date of the Notice.
- 3) If Parent(s) or pupil over 18 requests a hearing:
 - a. It will be scheduled following the School's expulsion hearing procedures as outlined in the School's approved charter.
 - b. The pupil shall remain enrolled and shall not be removed until the School issues a final decision.
- 4) If no hearing is requested, the pupil shall be removed from the school on the date listed on the notice.
